

P.R.E.P.S CHECKLIST

Be Prepared, It's Your Responsibility.
Kids Deserve To Be Safe.

Close to 70% of the children who die from unintentional injuries at home are 4 years of age and younger.

What is considered dangerous depends on your child's age and abilities. When in doubt, know your child and observe your home from their point of view to identify hazards.

TAKE OUR TEST TO SEE HOW YOUR FAMILY SCORES.
